THE WORKMAN'S CORNER

This column will be devoted to the interests of
the working man as outlined by our Workman
correspondent.

Labor's Friend.

During the past week public interest
centred in the work of the Republican
National convention held in Philadelphia,
Pa. A convention of the kind had never
so little to do. Completed in the most per-
fect and harmonious manner, without a
hitch in the proceedings, and entirely sat-
isfactory to the party. The nominations
were made by the people long before it met
and their selections were so determined
that the politicians had little else to do
than to confirm the decree.

Such unanimity on such an occasion has
never happened before in the history of
national conventions. Not an aspiring
candidate among the millions of this intel-
ligent republic for its president. A re-
markable circumstance and unprecedented.
For once the politicians had no work to do;
the people had anticipated them, and its
will was not to be thwarted. Even in the
nomination for vice president the politi-
cians were powerless. Again the people,
through their representatives, insisted on
their choice and won. There being no
contests there was no enthusiasm. For
once the leading politicians were powerless
and the people secured their choice without
opposition of any significance, except from
the candidate himself.

Roosevelt's nomination for vice president
was demanded against his wish and con-
firmed on the first ballot. The unanimity
of the vote as called by states (not a dis-
senting vote) proves the popular choice
against the politician, for some of them
were very much in earnest over candidates,
but who, when the test came, wheeled into
line and made the action unanimous.

McKinley and Roosevelt are the standard
bearers of a large majority party in perfect
accord with each other, and augers well for
triumphant success in November. The
ticket is an especially strong one, because
it is of the people's making, and therefore,
acceptable to the majority party. However,
there is always an independent class of
citizens who make a majority, as they did
once before, of a minority party. But it is
believed that they will not be caught again
by specious promises unfulfilled. So far as
good government has to do with the prac-
tical side of life, the McKinley administra-
tion has been a success.

Prosperity has come through the industry
of the people to which a republican policy
of government has very largely contributed.
That issues have grown up owing to the
results of the war, in which all parties
aided, has nothing to do with a govern-
mental policy that is of immediate, if not
vital, importance to all the people. To
more particularly emphasize this remark,
the republican party has believed in, and
fostered the industries of the nation.

To make this particular interest of the
people more emphatic a plank is inserted
in its platform that labor interests shall
receive fair treatment together with other
questions. And with the well known dis-
position of the administration, which will
be continued on this point, the public at
large may, with all reason, expect a con-
tinuation of the present industrial pros-
perity.

While some people may deprecate the
foolishness of the insurrection in the Phil-
ippines, and the consequent necessity to
establish a good government for these
semi-barbarian people, yet none the less it
is our first duty to support a home public
policy that now meets the approval of every
good citizen. To take a risky risk of los-
ing this inestimable blessing for an uncer-
tain policy, no matter under what guise, is
not good, sober judgment.

That the industrial interests of this great
country should be recognized by such a
progressive people as the republican party
represents, is in perfect accord with its
principles and a specific acknowledgment
of its worth and worthiness when in power.

Under the platform adopted at Philadel-
phia the party is more fully committed, if
possible, to aid, care for and legislate, if
necessary, in the interests of labor. What
wealth of a country is its resources together
with its labor. A gold or coal mine is of
no consequence without labor to bring forth
its product. Labor produces wealth and
therefore labor demands its fair share.
Somewhat in the ramifications of society a
large part of labor's share is lost to him.
He cannot understand how it is that he
barely exists when so many make colossal
fortunes.

That any other political party can better
this condition has been tried and failed.
Will you vote to try it again? Was not
the last experiment a costly lesson, and
will you repeat it?

After all what better inducements are
offered you, so far as government is con-
cerned, than that of the republican admin-
istration? If conditions arise in the affairs
of men or of the nation for which no pro-
visions were made to meet, you may rest
assured that one party can meet the con-
tingency as well as another. Such, for in-
stance, as "trusts."

With reference to expansion, why should
Dewey's glorious victory in Manila harbor
become a nullity? At the time it was one
of the greatest surprises of the age. No
one thought of expansion. This word is
being used for political effect and nothing
else.

PARIS EXPOSITION LETTER

An Interesting and Instructive Letter
From Our Regular Correspondent.

Paris, June 11, 1900.

I see in a Paris paper this morning that
Senator Hale characterized the Paris ex-
position as a "bad performance." This
was the opinion of M. Renon, of all ex-
positions; he despised them and blamed
women for them. Let anyone recall his
own impressions of the Chicago exposition.
Nine out of ten will first think of the Mid-
way Plaisance attractions; a majority of
visitors will recall the tawdry insubstantial
architecture, the fireworks, the Ferris
wheel, and a wilderness of show-cases dif-
fering little from those of the great stores
in many cities of the United States. Well,
the Paris exposition is not substantially
different from this. Its Midway Plaisance
is not cramped, it is scattered here and
there in different parts. There is a great
display of architecture that will be torn
down. There is a Ferris wheel and the
Eiffel tower. There is the same bewilder-
ing array of show windows with their sed-
uctive display of frocks, furniture, jew-
elry, hats, bric-a-brac, all arranged to tempt
the modern Eve and swell the tide of lux-
ury and extravagance, as M. Renon might
think, though he would say it better. If
all this is so why do people go to ex-
positions? Because expositions are tremen-
dously advertised, and because the human
heart and foot is always in pursuit of sensa-
tion; always seeking the will-o-the-wisp
novelty. Because the world loves to be
bumbled by a great many times, rowing
after each deception it will not be caught
again, but ever hungry for the next thing.
The Paris exposition, like all the rest, is a
mammoth advertising scheme, and France
has of course the hog's share of the adver-
tising and Paris will profit immensely by
the show. The part played by our country
here is, in comparison, far from conspicu-
ous. We appear only here and there by
an exhibit marked by an American flag
and there is nearly always adjoining us or
across the aisle from us an exhibit of the
same class by another country, it may be
Italy, Hungary, or Belgium that vies with
us or eclipses us in richness and taste and
extent of display. Of course this means
nothing to those who think, or know that
the United States exhibit is nothing more
than the "lay-out" of some firm or firms
that strive to find or increase their business
on this side of the water. But for the aver-
age tourist from rural France, Germany,
and Belgium who make the bulk of those
who see the exposition and who know as
little about the United States as a horse
does of astronomy, the impression is that
Belgium and Italy have more taste and
better things than the United States, and
that France has everything. The interna-
tional expositions are much like the hospi-
talities of the fox and the stork. How can
our country, considering the three thousand
miles of sea and the even more obstructive
miles of railroad under the peculiar French
management compete with France or other
contiguous countries? The way to get even
with them will be to have our next ex-
position at Cape Nome.

I do not know anything about the misuse
of the appropriation of \$1,400,000 made by
the government for this exposition, as al-
leged in the charges of Senator Jones.
There has doubtless been extravagance and
errors of judgment in building, purchas-
ing, installing, and in the hundreds of in-
cidents in which the numerous personnel
of the American commission employees and
servants have had to pay out money. Not
one in five of them can speak French or
make change in centimes, francs and Louis
without getting cheated or at least running
the risk.

Anyone who has traveled in Europe knows
that the French are the greatest, most skill-
ful and most mobile robbers on the contin-
ent. A contract for a dinner is followed
by an overcharge for the napkin, and the
plate. A ride in a cab means invariably
an additional payment to the driver.
Shopkeepers and officials in the railways
seeing that you are American and knowing
your ignorance of the money and careles-
ness about little things will not always re-
turn you your full change. You must
watch them all the time. Their nonchal-
ance when detected is fine. Their faces are
too red to show a blush. The American
commission here is somewhat luxuriously
installed. They have not denied them-
selves in fine desks and chairs and carpets,
and quite luxurious offices. "Republican
simplicity" is not very severe here. It
may be "good business," as we say, to let
all the world know that we live well when
we are at home in Paris. On the other
hand it may be that the whole American
official entourage is here on a junket.

Neglect is the short step so many take
from a cough or cold to consumption. The
early use of One Minute Cough Cure pre-
vents consumption. It is the only harm-
less remedy that gives immediate results.
It cures all throat and lung troubles. Chil-
dren like it and mothers endorse it. Wm.

MARRIED AT NOON.

Miss Maude Smibert Weds Charles Reed Lyon.

At high noon Wednesday last at the home of the bride's mother, 627 West Adams street, Chicago, Miss Maude Smibert and Charles Reed Lyon were married.

The ceremony was performed by the Rev. William I. McCaughin, pastor of the Third Presbyterian church of Chicago, and was witnessed by none beside the immediate relatives of the contracting parties. Miss Florence Smibert, sister of the bride, was bridesmaid and Mr. Will I. Lyon, brother of the groom, was best man.

Immediately following the wedding dinner Mr. and Mrs. Lyon left for New York, via Washington, where they will spend one day, and will sail from New York City Saturday, on the Cunard liner Servia for Liverpool. Thence they will go to Edinburgh, where they will join a party of New York and Chicago people and will tour the continent. The itinerary of the trip includes a tour of the Scottish and English lake districts, thence to London through Antwerp and Brussels in Belgium, thence up the Rhine from Cologne to Heidelberg, and from Heidelberg through Switzerland to Paris, where they will remain two weeks and will sail for home August 25 on the steamer Campania.

They will be at home at 403 Sheridan Road, this city, after September 25.

The bride is the elder daughter of Mrs. Harriet D. Smibert, 627 Adams street, Chicago. She is practically unknown in this city, but will be warmly greeted by Waukegan residents. Those who know Mrs. Lyon are loud in their praise of her charming personality and beauty of character. She is prominent in social circles of the west side and is recording secretary of the Matheon club.

Mr. Lyon is one of Waukegan's most popular young business men. The elder son of Hon. Geo. R. Lyon, born and reared in this city; of genial disposition and irreproachable character, his friends are legion. In company with his brother he is associated with the reliable firm of Lyon & Co. For some time past a major part of the business responsibility has fallen upon his shoulders and the aggressive manner in which he has managed the firm's affairs stamps him as a business man of marked ability and great promise. Mr. Lyon is connected with many social and fraternal orders, and Waukegan as a city extends congratulations to himself and wife and will heartily welcome the coming of his bride.—Waukegan Gazette.

On Tuesday Harriet Sher-
man, accompanied by her
daughter, Mrs. J. Conner, went to
visit her son Charles and family of
Libertyville, leaving for home
her son being ill. She was
arriving at his home, complaining
of having a severe headache, when
she would have been in bed, when
she was taken with a severe
stroke, and she became unconscious.
She has been up to date, and
little hopes are now being
expressed for her recovery.
Mrs. Sherman's son, a bright little
man and her husband, who are
devoted and trustful, may be a
large factor for the better.

FOX LAKE

Jerrard and son were on their streets
Friday.

Hook and family, Collins, visited
lake friends Sunday.

AROUND FOX LAKE.

Alderman Maypole and family are en-
tertaining a large party of people at their cot-
tage on the South Shore.

Roger Sullivan has rented the Lomax
cottage for the season and his family and a
number of friends are out.

Walter Kimbark fell over the Bald Eagle
center-board last week and his leg is still
in a very serious condition.

Mr. Henry Kline had a party of friends
out Sunday on the Grass Lake steamer, and
all had a very pleasant trip.

Mr. Samuel Pitkin and family have re-
turned to the city, having rented their cot-
tage to Charles P. McDonald, of Englewood.

The family of C. M. Ingals, of Wauke-
gan, have rented the cottage next Mr. Bar-
num's and are now at the lake for the sum-
mer.

Herbert Ford's vacation is over and he
has returned to the city. Mrs. Ford and
her sister, Mrs. Grey, will remain about a
week longer.

Nick Morris, who sails the Pistakee for
Henry Hertz, is trying the new Hertz boat
at Oshkosh and probably will not return to
Fox Lake until after 4th of July.

There were good sized crowds at the
Howard House, the Mineola, and Lippencott
over Sunday.

The Louise, Skip, Constance and Flying
Fox were measured Sunday. We hope to
see Mr. Gates, who owns the Constance,
sailing in the races with young Collins for
a crew.

Now Mrs. Chas. Barnum is happy, and
no wonder, for her daughter and her son-in-
law, Mr. and Mrs. Walter Boyce, of
New York, are with her at the Barnum
cottage on the East Shore.

The North Shore mosquito boats have for
the past week been racing almost daily,
and as Mrs. Lyford, Mrs. Felix, Mrs. Deering
and Miss Tooker are all experts in
handling these "larks" there has been some
very close finishes.

R. A. Lapoint, while measuring the
Skip last Sunday, cut his leg on a broken
lamp chimney that someone had thrown in
the lake. The cut is an ugly one, being
long and deep and will inconvenience Mr.
Lapoint very much.

There was no yacht race last Saturday so
a great many of the yachtsmen attended
the derby meet. We are glad to hear that
George G. Pfeiffer of the Bald Eagle club
was one of the few who did not have to
walk back home.

The Louise and the Bald Eagle were
taken to Waukegan by Al. Bowers and
overhauled. The former boat was brought
back, but the Bald Eagle will be taken to
Chicago to compete in the 4th of July race
of the Columbia Yacht club.

The Fox Lake Region Improvement as-
sociation met last Saturday at Lippencott's
to hear the reports of Secretary Louis Jack-
son, Treasurer Henry Kline and the com-
mittee of five who were appointed last week
to investigate the McHenry dam, the pro-
posed dredger and the proposed road from
the new Fox Lake depot.

One of Ramaker's boats drifted away
and was blown on the shore in front of the
Eastside hotel. Ramaker's boatman found
the boat there and started away with it
when the new Eastside boatman, who
thought one of his boats was being stolen,
went after him. After the mix-up the
referee, Herb Ford, gave the fight to the
Eastside representative.

Darling Dudes in War.

Englandmen of all classes will not
forget that in the hour of her need the
first and most generous to respond to
England's call for help were the so-
called darlings of society, who have
shown that they could lead a forlorn
hope as easily as a cotillion, and that
while they may not have known how to
live like the Frenchmen of the an-
cient regime, they well know how to
die.—London Letter.

BRISTOL, WIS.

F. Burroughs visited his mother in
northern Illinois last week.

Mrs. Wilbur, of Wilmett, has been visit-
ing her daughter, Mrs. F. C. Burroughs,
of this place.

Miss Amelia Silsdorf, of Horicon, Wis.,
is calling on old friends here and at Wood-
worth this week.

Miss Emma Lacey, of Chicago, was the
guest of her cousin, Miss Grace Ellis, a few
days of last week.

Mr. and Mrs. E. Stonebraker are re-
joicing over the birth of a daughter on
Saturday evening of last week.

Mr. and Mrs. Harry Castle, of Chicago,
spent the latter part of last week with
their parents, Mr. and Mrs. E. Castle.

Quite a few of the Royal Neighbors of
this place attended the supper given by the
Royal Neighbors of Antioch last Thursday
afternoon and evening.

Mr. and Mrs. J. E. Dixon gave a lawn
party on Monday evening of this week in
honor of the eighteenth anniversary of their
marriage. A pleasant evening is reported.

The Young Ladies' Missionary society
will meet with Mrs. R. Stonebraker on
Friday afternoon of this week. A large
attendance is desired. Come prepared to
sing.

Walking to Work

Is the only way in which the business
woman, employed in store or office, can
get open air exer-

cise. Is it any
wonder that she
often grows pale
and thin and
develops a ten-
dency to "weak
lungs." When-
ever there is
pain in breath-
ing, soreness of
the chest, obsta-
inate cough, or
bleeding from
the lungs or any
other symptoms
of disease of the
respiratory or-
gans, begin the
use of Doctor
Pierce's Golden
Medical Discovery
and con-
tinue the use
until cured.

Ninety-eight in
every hundred
who have used
"Golden Medi-
cal Discovery"
for "lung trou-
ble," have been
perfectly and
permanently
cured.

"I was very sick
indeed," writes
Mrs. Nellie Jacobs,
of Felton, Kent Co.,
Delaware, "and
our family doctor
said I had con-
sumption. I
thought I must die
soon for I felt so
awful bad. Had a
bad cough, spit blood, and was very short of
breath. I had pains in my chest and right lung,
also had dyspepsia. Before I took your 'Golden
Medical Discovery' and 'Pleasant Pellets' I was
so weak I could not sweep a room, now I can
do a small washing. I feel like a new person."

Dr. Pierce's Pellets cure heart-burn.

SAND LAKE, ILL.

George McCreedy spent last Monday in
Chicago.

El. Smith and mother spent Saturday
in Waukegan.

Mr. and Mrs. H. P. Miller visited in
Waukegan Saturday.

T. A. Wells, of Chicago, spent Sunday
with his family here.

Mrs. Lyons, of Chicago, visited with
friends here last week.

Miss Nettie King is visiting her aunt,
Mrs. Bensinger, of Wadsworth.

Quite a number of visitors were at Cedar
Lake resort Saturday and Sunday.

D. C. Ames took a bus load of young
folks to the dance at Grange hall Friday
evening.

Mr. and Mrs. L. H. Miller and daughter
Mattie, of Gurnee, spent Sunday with Mr.
and Mrs. H. P. Miller.

Miss May Rutledge returned to her home
in Chicago Monday having closed a very
successful term of school.

The strawberry festival on I. M. Douglas
lawn, given by the Sand Lake Cemetery
society, was a grand success.

Mr. and Mrs. T. N. Donnelly and daugh-
ter, of Chicago, spent Monday at their
pleasant home here. The family expect to
move out soon.

Starvation never yet cured dyspepsia.
Persons with indigestion are already half
starved. They need plenty of wholesome
food. Kodol Dyspepsia Cure digests what
you eat so the body can be nourished while
the worn out organs are being reconstructed.
It is the only preparation known that will
instantly relieve and completely cure all
stomach troubles. Try it if you are suffer-
ing from indigestion. It will certainly do
you good. Wm. T. Hill.

Swinburne a Woman Hater.

The only literary character who is
acknowledged to be a woman hater is
Algernon Charles Swinburne. His
sentiment appears to be based upon
the fear that a woman of little cul-
ture would be dull beyond description
as a life partner, and the conviction
that the clever, well-informed woman
is the least attractive of her sex.

Reports show that over fifteen hundred
lives have been saved through the use of
One Minute Cough Cure. Most of these
were cases of grippe, croup, asthma, whoop-
ing cough, bronchitis and pneumonia. Its
early use prevents consumption. Wm. T.
Hill.

A WHISTLING LANGUAGE.

It seems that there is really a whis-
tling language. It is in the Canary
islands that people whistle instead of
speaking when they hold converse
with each other. The language is com-
posed of words as it were, like any
other language, and the inhabitants
attain great proficiency in it, so that
they can converse on all sorts of sub-
jects.

All who suffer from piles will be glad to
learn that DeWitt's Witch Hazel Salve will
give them instant and permanent relief. It
will cure eczema and all skin diseases. Be-
ware of counterfeits. Wm. T. Hill.

Britain's Indian Army.

The full strength of Great Britain's
Indian army is 300,000 men, of whom
230,000 are native and 70,000 British
soldiers. In addition to this military
force there are about 20,000 enrolled
European volunteers, and a native po-
lice, officered by white men, nearly
200,000 strong.

The Chinese ask "how is your liver?"
instead of "how do you do?" for when the
liver is active the health is good. DeWitt's
Little Early Risers are famous little pills
for the liver and bowels. Wm. T. Hill.

The instructions were all the details of the party, with varying standards of order, and a procession of delegates, and a procession of delegates, were repeated in all their exciting and for other fifteen minutes re-peated character.
